

Cookie Decorating for Beginners

Instructor: Chef Michele Sweeney

*****If you have a life-threatening food allergy, reach out to the instructor before you enroll so we can confirm the planned ingredients are safe for you. The class uses set ingredients and recipes, and we aren't able to adjust them for individual diets.*****

Students will need to bring the cash supply fee for instructor to class to cover ingredients, cookies, frosting, tools, and equipment used during class. A box will be provided to take your cookies home in.

Students are encouraged to bring an apron to class, water, and a snack or lunch.
