ARTS**Ceramics**Beginning Ceramics

7/11/2026 10:00 AM - 1:00 PM Amanda Salov

7/11/2026 2:00 PM - 5:00 PM Amanda Salov

Transform a lump of clay into a piece of art! Using basic wheel-throwing and hand-building methods, learn to create cups, bowls, boxes, and more. Individualized instruction and demonstrations of the technical underpinnings will give you a strong foundation in the ceramic arts. This course is intended for beginner students new to ceramics. Students may repeat for up to four quarters; students with four or more quarters of any level of ceramics will not be permitted to join.

Intermediate and Advanced Ceramics

7/13/2026 6:00 PM - 9:00 PM Amanda Salov

Take your ceramics to the next level and refine your wheel-throwing and hand-building skills. You will learn from the instructor and each other in this class as you hone your clay skills. Each class will include a demo or discussion of techniques according to the instructor's curriculum or students' expressed interests. North Seattle College fires to 6 with no exceptions. Outside glazes must be approved by the studio technician. Previous ceramics experience is required.

DramaThe Performance Experience

7/7/2026 6:30 PM - 8:30 PM David Mesler

This class is a space to create, perform, and try new things. It's open to musicians, singers, dancers, actors, comedians, poets, and anyone who wants to get up and share their work. You'll start by developing your own style, then team up with others for duos, small groups, and collaborative pieces.

Each session gives you a chance to perform, get feedback, and build confidence in a low-pressure setting. You'll meet other creatives, swap ideas, and see what happens when different styles come together. Bring whatever you use to create and show up ready to experiment.

Shakespeare in the Sun!

7/8/2026 6:00 PM - 8:00 PM Heleya de Barros
All the worlds a stage! Including our local parks and Continuing Ed classrooms! Step into the lively, surprising world of Shakespeare in this interactive summer "taster" course that blends hands-on theatre workshops with a field trip to a FREE live outdoor performance of Shakespeare in the Park. Through playful exploration and guided discussion, you'll discover two of Shakespeare's classics—The Winter's Tale and Macbeth.

We'll dive into the hilarious, romantic, tragic, dark and quick-witted world of these two plays. Workshops will explore themes, characters, and plot points as entry points. We'll also look at how the plays have been staged and adapted over time, and discuss how Shakespeare continues to evolve in today. No prior Shakespeare or theatergoing experience necessary. In fact, if you were the student lost in English class because Shakespeare didn't jump off the page, this class is for YOU!

Poetry & Performance

7/11/2026 11:00 AM - 1:00 PM

Bryan Edenfield

In this class, you'll write, share, and bring your work to life through performance. You'll practice reading your work out loud, try different styles, and build confidence in a supportive group setting.

Improv for Life

7/13/2026 6:00 PM - 8:00 PM

Heleya de Barros

Come de-stress, build confidence, and challenge yourself in the Improvisation for Life class! Improv isn't just for actors play, create, and discover how this fun acting technique applies to everyday life. Build your empathetic listening skills and step outside of your comfort zone in a fun, supportive space where mistakes are embraced. Through ensemble games and exercises participants will explore the fundamentals of improv: listening, accepting, resilience, taking risks, and teamwork. No experience necessary; just a willingness to play and have fun!

DrawingLandscape Drawing 2

7/7/2026 6:00 PM - 8:30 PM Sarah Norsworthy

If you love exploring the natural world during the summer months and have had some experience with drawing OR painting with oils you might be interested in this combined course. We will make weekly outings into the immediate landscape of the North Seattle Campus and adjacent wetlands and garden areas, learning new techniques to record what we observe outdoors. We will look at examples of landscape drawing throughout art history for

inspiration and contemporary work that explores the potential to abstract from the landscape we perceive. Students may choose to draw or paint through the 8 sessions, or end up doing a bit of both. This class involves walking short distances carrying materials, so dress, accordingly, wear comfortable shoes, and bring a backpack or bag.

Introduction to Landscape Drawing

7/8/2026 6:00 PM - 8:00 PM Sarah Norsworthy

If you love exploring the natural world during the summer months and would like to learn how to express what you see in the landscape through drawing, you may enjoy this class for students of all skill levels. We will make weekly outings into the immediate landscape of the North Seattle Campus and adjacent wetlands and garden areas, becoming familiar with a variety of materials and techniques to record what we observe. Figure Drawing

7/10/2026 6:00 PM - 9:00 PM Megan Gottfried

Discover the fundamentals of figure drawing in this dynamic class, where we'll explore both observational accuracy and conceptual interpretation of the human form. Rooted in classical drawing techniques, this course will emphasize traditional methods of measuring proportion, constructing the figure with geometric forms, and refining drawings through careful attention to light, shadow, and edge quality. You'll learn to build the body from the inside out—starting with internal structures like the skeleton and layering external forms. We'll also examine different ways to interpret the figure, encouraging you to push beyond naturalism and develop your own visual relationship with the human form. Open to all skill levels! This course involves drawing naked bodies.

Beginning Portraiture in Charcoal

7/11/2026 1:00 PM - 3:00 PM Sam Case

Portraiture is one of the most exciting, challenging, and rewarding areas that an artist can study. It can be intimidating, but it doesn't have to be! Join us as we explore portraiture through charcoal, going step-by-step to learn how each part of the face comes together to create stunning and evocative works of art. Some drawing experience is recommended for this class, but please reach out to the instructor if you're unsure.

JewelryBeginning Jewelry Fabrication

7/8/2026 6:00 PM - 9:00 PM Ursula Stuart

Learn how to produce your own jewelry design! Beginners are encouraged, but more experienced metalsmiths are welcome too. We'll practice basic metal fabrication and silver soldering techniques with non-ferrous metals and stones to create finished jewelry pieces. The first class will be mandatory. If you miss the first class you will have to be dropped, and you will be issued a full refund.

Lost Wax Casting Small Studio

7/10/2026 10:00 AM - 4:00 PM M Quarles

8/14/2026 10:00 AM - 4:00 PM M Quarles

Discover the lost wax casting process and its applications for jewelry design, functional objects and art metal forms. Explore wax carving and techniques for model making, model investing, centrifugal casting and finishing objects. Techniques will be demonstrated through crafting rings, pendants and jewelry scale objects. We'll also cover the proper use of tools and equipment necessary to carve waxes for successful model casting, spruing techniques, proper investment procedures and design elements

that relate to better cast objects. Additional topics may include: stone setting in wax, simple mechanisms and finishing tricks. We will also discuss how to work with the jewelry industry to get your production work done. Students should have basic jewelry skills, including how to saw, file, solder and finish. See www.learnatnorth.org for supply list.

Intermediate and Advanced Jewelry Fabrication

7/19/2026 3:00 PM - 6:00 PM M Quarles
Take your jewelry design skills to the next level. Do you have an idea for a complex project you've been wanting to tackle, but not sure where to start, or need to advance your skills to make it happen? Learn multistep soldering, stone setting, forming and finishing techniques that will help make your elaborate jewelry design ideas a reality. The first class is mandatory. If you miss the first class, you will have to be dropped, and you will be issued a full refund.

Mixed Media

Mixed Media Self Abstraction

7/7/2026 6:00 PM - 9:00 PM Ryan Hamburger
Discover your own creative language and use it to develop your artistic practice. In this class we will use multiple mediums and learn new techniques to push ourselves in exploring self-expression. This class is perfect for someone who has taken abstract art classes before and is wondering "What next?". We will combine mediums: watercolor, acrylic, collage, pencil, oil pastel, and ink. We will explore the use of symbols, written words, texture, drawing and the use of representational images. The goal of this class is to access ourselves as a source for expression; to find an abstract narrative that resonates with you. 2D abstract class experience is helpful.

Music

Beginning Guitar

7/7/2026 7:00 PM - 9:00 PM Frank Kohl
Pick up the guitar and play! Learn chords, strum patterns, tablature, and notes while learning songs. Pick up some basic theory. Have fun while learning the fundamentals that make guitar playing rewarding in this comfortable class environment. Bring your acoustic guitar and required books to class.

Group Voice for All Levels

7/8/2026 6:30 PM - 8:30 PM David Mesler
Discover and enhance your unique singing voice in a supportive group setting. This class focuses on vocal fundamentals, technique, and expressivity, helping you develop strong musicianship. Through lyric analysis, melodic interpretation, and personalized song choices, you'll unlock a wide range of vocal tools. Pieces are chosen based on the student's needs as well as tastes. Open to all levels.

Expressive Guitar: Beyond the Basics

8/5/2026 7:00 PM - 9:00 PM Jared Cortese
This class is for intermediate beginners who already know a few chords or scales but want to take their guitar playing to the next step. If you've ever felt stuck playing the same patterns or struggled to make your music sound expressive, this class will help you move forward. You'll work on technique and theory together, focusing on how to use chord shapes, scales, and rhythm in a way that makes your playing more musical. The goal is to give you practical skills you can actually use when you pick up your guitar, not just abstract ideas. Please bring your own acoustic or electric guitar and a pick. Electric guitar players should also bring an amp and cords.

Painting: AcrylicAbstract Gelli Printing and Collage

7/8/2026 10:00 AM - 1:30 PM Ryan Hamburger

Explore the fascinating world of abstract collage and gelli plate printing in this dynamic beginner's course. Designed for those eager to unleash their creativity, this class blends traditional and modern techniques to create stunning, one-of-a-kind artworks using a gelli plate, acrylic paint, and paper. Delve into the vibrant realm of gelli plate printing, where spontaneity meets technique. Learn the basics of creating monoprints using gelli plates, exploring methods to transfer intricate patterns and textures onto paper. Develop skills in color mixing and layering to produce captivating prints that reflect your individual style. Throughout the course, you will receive personalized guidance and constructive feedback, empowering you to refine your techniques and build confidence in your artistic journey. Whether you are a seasoned artist looking to expand your repertoire or a newcomer eager to explore mixed media, this course offers a nurturing environment to cultivate your creativity and create compelling abstract artworks through collage and gelli plate printing.

Painting: WatercolorAbstract Watercolors

7/7/2026 10:00 AM - 1:00 PM Ryan Hamburger

Combine the expressive, personal, object-free vision of abstraction with the smaller, intimate beauty of watercolors.

The focus of this class is on the elements of design, color and harmony, line and shape while creating an exciting and compelling painting that expresses a personal inner vision. Often alluding to nature or a state of mind, Abstract Watercolors will carry the painter to the beauty of feelings, spirit, and imagination.

Textured Watercolor Collage

7/7/2026 6:30 PM - 9:00 PM Robin Bundi
Bring the textures and colors of nature to life with watercolor and collage! Students will begin by creating a variety of painted papers while learning watercolor techniques, including how to create texture using everyday items. They will also explore color mixing and harmony as they experiment with marks, patterns, and surfaces. Once their papers are complete, students will cut, tear, and layer them to build vibrant collages on large sheets of watercolor paper. The final pieces will fall somewhere between abstract and realistic, inspired by natural forms such as landscapes, plants, and organic shapes. This playful class is designed for adults and encourages experimentation, creativity, and a touch of whimsy!

Landscapes in Watercolor

7/11/2026 10:00 AM - 12:00 PM Sam Case
Elevate your watercolor skills and embark on a captivating journey through the world of landscape painting in this intermediate class! Dive into the exploration of texture, colors, and compositional challenges. Through hands-on exercises, you'll practice watercolor techniques, ultimately discovering your personal direction in the realm of watercolor landscapes.

Watercolor Fruits & Veggies with a Limited Palette

7/15/2026 6:30 PM - 9:00 PM Robin Bundi
Color can feel challenging, but working with a limited palette is a great way to simplify the process and take some of the stress away. In this watercolor course, we'll explore color mixing, basic color theory, and watercolor techniques while painting summer's fruits and vegetables. Students will work from a combination of photographs and fresh specimens they bring to class, learning how a small selection of pigments can create a wide range of beautiful colors. This class is great for beginner to intermediate students. Come discover how less paint can lead to more color!

Photography

Digital Photography Basics

7/16/2026 6:30 PM - 8:30 PM Jessica Hoffman
This introductory course is designed to help you move beyond auto mode and begin using your camera with intention and creativity. Through a mix of guided practice activities, hands-on practice, and outside assignments, you'll learn the fundamentals of camera operation: aperture, shutter speed, ISO, white balance, and exposure. You'll also explore core concepts in composition, lighting, and visual storytelling. Students are required to have a DSLR or mirrorless camera with manual controls. A tripod is recommended but not required. The class will have two Sunday morning field trips with the instructor on July 19th and August 2nd (details given in class).

Printmaking, Screenprinting & Zines

Introduction to Zine Making

7/20/2026 6:30 PM - 9:00 PM Bryan Edenfield
Create your own zine and explore the art of DIY self-publishing. In this hands-on class, you'll experiment with storytelling and self-expression through words and images. You'll also learn practical techniques for crafting zines from everyday materials, focusing on simple, creative methods to bring your ideas to life. Perfect for beginners and those looking to reconnect with the zine-making process, this class offers a relaxed space to make something that's entirely your own.

Linocut Printmaking: All Levels

8/3/2026 6:00 PM - 9:00 PM Saman Shojaei
Explore linocut relief printmaking and print multiple copies of an image. Students will learn the fundamentals of making black-and-white and color relief prints. This workshop will cover block preparation, transferring an image onto the block, carving techniques, and the printing process. If you already know the basics of block printing and want to learn more - this workshop is great for you too. Participants will leave with prints and with a carved linoleum block which can be used to make more prints. No experience necessary! In this class you will have an opportunity to learn printing on a piece of fabric, printing with a press as well as inking techniques including rainbow roll.

Sewing & Crafts

Beginning Sewing

7/9/2026 6:30 PM - 9:00 PM O'Lisa Johnson

7/11/2026 9:00 AM - 2:00 PM O'Lisa Johnson

No more struggling through sewing projects; learn to sew the fun and easy way! Practice pattern reading, choosing the right fabrics and laying out fabric to create a finished piece you can be proud of. Whether you want to re-decorate your home, make crafts or clothes, we'll get you stitching in the right direction. You will sew three projects in class; fabric and patterns for each project provided by the instructor. Please bring a sewing machine in good working order, power cord, foot control, bobbins, operator's manual (if available), sharp scissors, tape measure and straight pins. This class is not open to students under the age of 18.

Alter This - Alter That!

8/15/2026 9:00 AM - 3:00 PM O'Lisa Johnson

Get more wear from your garments by learning "simple" alterations and repair techniques. In this class you will learn how to alter hems and waistlines to create a fitted garment. Bring 2 or 3 of your favorite wardrobe pieces to alter in class, along with scissors, sewing machine and power cord in good working order. Sewing experience and an operational sewing machine are required for this class. Please make sure your machine will sew apparel knit, woven, and bulky fabrics. A personal supply tool pack specific to altering seams will be provided by the instructor. This class is not open to students under the age of 18.

Wood Carving & Burning

3D Animal Woodcarving

7/13/2026 6:00 PM - 9:00 PM Saman Shojaei
During this class you will carve two 3-dimensional figures or objects. The instructor has been practicing the art of wood carving for many years and will show you how to go about it. He will show you the different tools to use and what woods to choose for your two projects. This is the perfect place to start as a beginning wood carver.

Pyrography

8/17/2026 6:00 PM - 9:00 PM Saman Shojaei
Discover the art of pyrography, also known as woodburning, in this focused one-day workshop. Students will learn how to use heat-based woodburning tools to create clean lines, textures, and decorative patterns on wood.

ENRICHMENT

Entertainment

Flying Saucer Cinema
7/8/2026 7:00 PM - 9:00 PM Cohen & Daniels
This classic science fiction film appreciation class showcases beloved films that cry out for viewing in a group setting the way they were first presented to the world. Each week will bring something new, films ranging from Golden Age sci-fi of the 1950s and 60s to the dystopian sci-fi of the 1970s and occasional forays beyond. Weekly sessions feature film insights, trivia, lively post-screening discussion, and optional follow-up materials—curated images, links, and observations— for those wanting to do a deeper dive. We kick off summer with the 1931 classic *Frankenstein*, which propelled Boris Karloff to instant stardom. Next we dip

into the schlock vaults with the delirious *Bride of the Gorilla* (1951) and then Captain Kirk himself – Shatner! – as a veterinarian battling tarantulas in *Kingdom of the Spiders* (1977). We end with an essential *Godzilla* film, the chock-full-of-kaiju *Invasion of Astro Monster*, in which hot actual couple Nick Adams and Kumi Mizuno (yowza!) work out their intergalactic romance while the big guys again stomp all over Tokyo. Whether you are a seasoned science fiction film buff or simply want to put your head in a different place for a couple of hours every week, this will be an engaging, fun adventure of a class you won't want to miss.

The Wisdom of Folktales

7/25/2026 1:00 PM - 2:30 PM John Berks
Experience the emotional and symbolic power of global folktales through live, drummed storytelling. We'll explore *Skeleton Woman* (Inuit), *Prince Lindworm* (Scandinavian), *The Handless Maiden* (Brothers Grimm), and *The Maiden Czar* (Russian). Each class begins with a performance, followed by discussion that unpacks the story's deeper meaning using key Jungian concepts. No background needed— just curiosity and a love of story!

MovementTai Chi Ruler: Simple Exercises for Health and Longevity

7/7/2026 10:00 AM - 10:55 AM Dennis Sharp
Tai Chi Ruler (Chih) is a form of Taoist Yoga (Dao-yin) that features 12 easy-to-learn exercises that are practiced with (or without) a Chih, a special wooden dowel that is held between the palms to help guide the circulation of vital energy (Qi). Easier to learn than Tai Chi with all the same great health benefits, Tai Chi Chih is a complete low-impact aerobic system that relieves stress, improves respiration, increases circulation and enhances neuro-muscular coordination.

Sustaining Vitality: Qigong

7/9/2026 10:00 AM - 10:55 AM Dennis Sharp
Increase vitality, give your immune system a boost, and feel more energetic. Qigong is based on the principle of balancing your body's natural energy (Qi) through meditation, breathing, and movement exercises that are easy to learn and put into practice. This class focuses on three types of Qigong: meditative relaxation, movement exercises, and healing sounds. Come join us in this fun informative class.

Continuing Tai Chi: Grasping the Sparrow's Tail 2

7/11/2026 10:45 AM - 12:15 PM Dennis Sharp
Our focus is to complete and refine the long form, which consists of four sections containing about 45 postures each. Partner drills and beginning pushing hands enhance each student's comprehension of the subtle and profound nature of Tai Chi Chuan. For students who have completed Beginning Tai Chi and wish to learn more.

Beginning Tai Chi: Grasping the Sparrow's Tail
7/11/2026 9:10 AM - 10:40 AM Dennis Sharp
Learn one of the best forms of low-impact exercise for health and longevity. Increase flexibility and strength by learning this slow flowing movement meditation. Experience deeper self-awareness, improved balance and mental concentration, as well as increased physical energy. Tai Chi is beneficial for all.

HOME & GARDEN

Gardening

From Plan to Plate: Fall Garden Beds for Cozy Cooking
8/23/2026 2:00 PM - 5:00 PM
Michele Sweeney
In this online class, design a productive fall garden bed for cool-season cooking. You'll learn what to plant and when using three themed garden plans that help you grow what you cook. We'll cover timing, frost protection, and crop rotation for better results in Seattle's cooler weather and lower light.

The Soup Garden features kale, leeks, carrots, celery, and parsley. The Roasting Garden includes beets, garlic, Brussels sprouts, and shallots. The Stir-Fry Garden highlights bok choy, scallions, Swiss chard, and mustard greens.

You'll also get simple recipes that match each theme so you can plan meals around what's in your garden. Planning worksheets, growing guides, and planting timelines are included to help you get started.

Whether you're new to gardening or want to extend your harvest, this class connects planting with practical cooking. No experience needed, just an interest in food and a plan to grow it.

Strategies That Sell Homes, Save Time & Maximize Commission

7/9/2026 9:00 AM - 12:00 PM Paul Scobee

In today's market, financing often determines whether a transaction succeeds or fails. Realtors who understand creative financing strategies can help more clients buy and sell—and close more deals.

This practical course introduces real estate professionals to financing tools that solve common transaction challenges, including buyers who must sell before purchasing, self-employed borrowers with complex income, clients with limited cash to close, and seniors looking to right-size their housing.

Agents will gain a working understanding of solutions such as rate buydowns, seller credits, bridge loans, down payment assistance programs, assumable mortgages, alternative income documentation loans, and reverse mortgages for purchase. Through real-world examples and discussion, participants will learn how financing strategies can strengthen offers, revive listings, and create opportunities that might otherwise be missed.

Approved for 3 Washington State Real Estate Clock Hours.

Landlord Essentials

7/14/2026 7:30 PM - 8:30 PM Carolyn Illman

Owning rental property can be one of the most effective ways to build long-term wealth, but many small landlords feel overwhelmed by tenants, maintenance, and day-to-day decisions. This practical three-session workshop helps homeowners and small landlords learn how to confidently manage their own rental properties without relying on expensive property management companies. Instructor Carolyn Illman brings 17+ years of landlord experience along with her work as a licensed and bonded general contractor. Participants will learn practical systems for managing tenants, coordinating repairs, working with contractors, and protecting their property as a long-term asset. Ideal for homeowners considering renting a property or current landlords who want to manage their investment with greater clarity and confidence.
