

Zoom Cooking, Baking & Dessert Classes

Instructor: Michele Sweeney

Email: michelemsweeney@icloud.com

Students will be sent an equipment list and grocery shopping ingredient list 5 days before class session date. Recipes and prep video access will be sent 2 days before class. If you have additional questions or ingredient questions, please contact your instructor directly.

Please note: The session fee is per household; only one person in the household is required to register and pay for the class. Each class is a password-protected Zoom session, and you'll receive an email with a session ID and password prior to your class. Classes are recorded so you will have access to the re-play, as well!
